MEMORANDUM

MEMO TO: All Volleyball Team Managers
FROM: Marcie Padgett, Recreation Supervisor
DATE: August 28, 2008
SUBJECT: Unsupervised children at our Leagues

To prevent problems throughout the season, I am sending out this reminder prior to the start of the season. During past seasons, children have been brought to the gyms and have been disruptive, leading to complaints by other players. Also, unsupervised children could get hurt in the gyms if not properly supervised. Our leagues are for adults, not children. So, please read our policy below and make sure that the players on your team understand this policy so we don't have complaints in regards to children at the gyms, who are not properly supervised. THANKS!

Our League Rule regarding children attending the Adult Leagues is as follows:

Adult Leagues are created and geared for adults only. If you must bring children to your game/match, a non-playing adult (1 adult per 2 children) must supervise them at all times. Players not adhering to this policy will not be permitted to participate in the League.

Please be sure to inform the players on your team about our RULE. Not only is the safety of the child of concern to us, but also the interruption of games and matches by unsupervised children. Let's make our Leagues as enjoyable as possible for all players!

THANKS IN ADVANCE for taking care of this potential problem.....
